SERVE HELP ASSIST RESOURCE ENCOURAGE

A NEW SEASON

THE FOOD PANTRY AT SPRINGHOUSE HAS A NEW VISION

Over the years the Food Pantry at Springhouse has been a wonderful resource for those who are in need of assistance with food. We have been generous in our efforts to provide aid to those who were in desperate need. Still, even with our best efforts, we felt that there were some things that were missing. Due to our lack of refrigeration and storage, we were never able to help people with the most commonly requested perishable items, such as milk, eggs, meat, butter, fresh fruits and vegetables, bread, etc. With our new program,

Springhouse Shares, we can now make a grocery card available to those with clearly defined need. We can help them to choose food that their families need and enjoy most.

We are excited about this new direction. Food will no longer expire on our shelves, and children will have cold milk with their meals, and fresh juice with breakfast in the morning.

We believe this is a very good thing.
